PRODUCT HIGHLIGHT

PRESTONETT FLEXIBLE CRACK REPAIR FILLER

The Prestonett Flexible Crack Repair Filler is the ideal solution for durable interior and exterior repairs.

This ready-to-use, highly flexible filler is reinforced with fiberglass, ensuring cracks caused by structural movement remain sealed.

With excellent adhesion to various substrates like concrete, plaster, and brick, it offers a versatile

solution for both unpainted and painted surfaces.

The waterproof, white finish can be over-coated with any filler, paint, or wall coating. Excess filler is easily removed with a wet sponge, eliminating the need for sanding.

Now available in 200ml and 600ml sizes.

- + READY-TO-USE
- + WHITE FINISH
- + FIBREGLASS REINFORCED
- + HIGHLY FLEXIBLE
- + INTERIOR & EXTERIOR USE
- + WATERPROOF
